Speaker Profiles

Associate Professor Michael Woodward: Medical Director, Aged and Extended Care Austin Health. Michael has a major interest in wound management. He is director of the Wound Management Clinic. Michael is current President of the Australian Wound Management Association.

Associate Professor Geoffrey Sussman: Faculty of Medicine & Health Science at the University of Auckland, New Zealand. Faculty of Medicine at Monash University, Melbourne. A member of numerous Wound Management Associations, and author of significant publications. Geoffrey lectures internationally and within Australia. He has been involved in wound management for over thirty years in clinical research and practice.

Nikki Frescos: Current President of the Victorian Wound Management Association, Senior Podiatrist & Lecturer at Latrobe University. She provides specialist podiatry advice to clients at the wound clinic.

Kate Desneves: Kate is a senior clinical dietician (teaching, training and research) at Austin Health, specializing in rehabilitation. She has an interest in nutrition and wound healing and has been involved in a number of research projects investigating the role of Arginine in pressure ulcer healing.

Zeinad Khali: TBA
